

Children's Primary Care
Medical Group
...In Your Neighborhood

Strategically located

Medical offices

CPCMG has new offices in Hemet and Menifee, with three existing offices in Temecula.

Excellent opportunities

Professional goals

As a private physician-owned group, we offer competitive salaries including productivity based bonuses for all clinicians with shareholder/owner track for physicians. We provide mentorship and a friendly gradual transition to new clinicians. Our clinicians are active forces for positive change in areas such as teaching, working in the field of population health, designing clinical best practice pathways, working on EMR optimizations, and community engagement projects. We encourage involvement while working together to improve our group and the lives of our patients.

Southwest Riverside County Quality of life

With excellent schools and family-friendly resources, our clinicians live in great communities with small-town atmospheres. There is easy access to social, cultural and outdoor activities and events with endless opportunities for day trips to Los Angeles or San Diego, or to hike, ski or visit the beach.

Join us!

Children's Primary Care Medical Group, a physician-owned, pediatric-only medical group in Southern California, seeks energetic, board-certified/eligible Pediatricians and Pediatric Nurse Practitioners to join their offices in Hemet, Menifee and Temecula.

Since 1995, CPCMG has been recognized for quality, service excellence and improving the health status of children. The group has grown to include more than 165 clinicians working in 28 practice locations throughout San Diego and southern Riverside counties. As part of the network that includes Rady Children's Hospital-San Diego, CPCMG works closely with pediatric specialists to maintain an excellent integrated care delivery system for our patients.
